

Yellow Creek

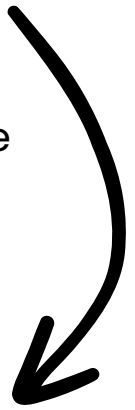

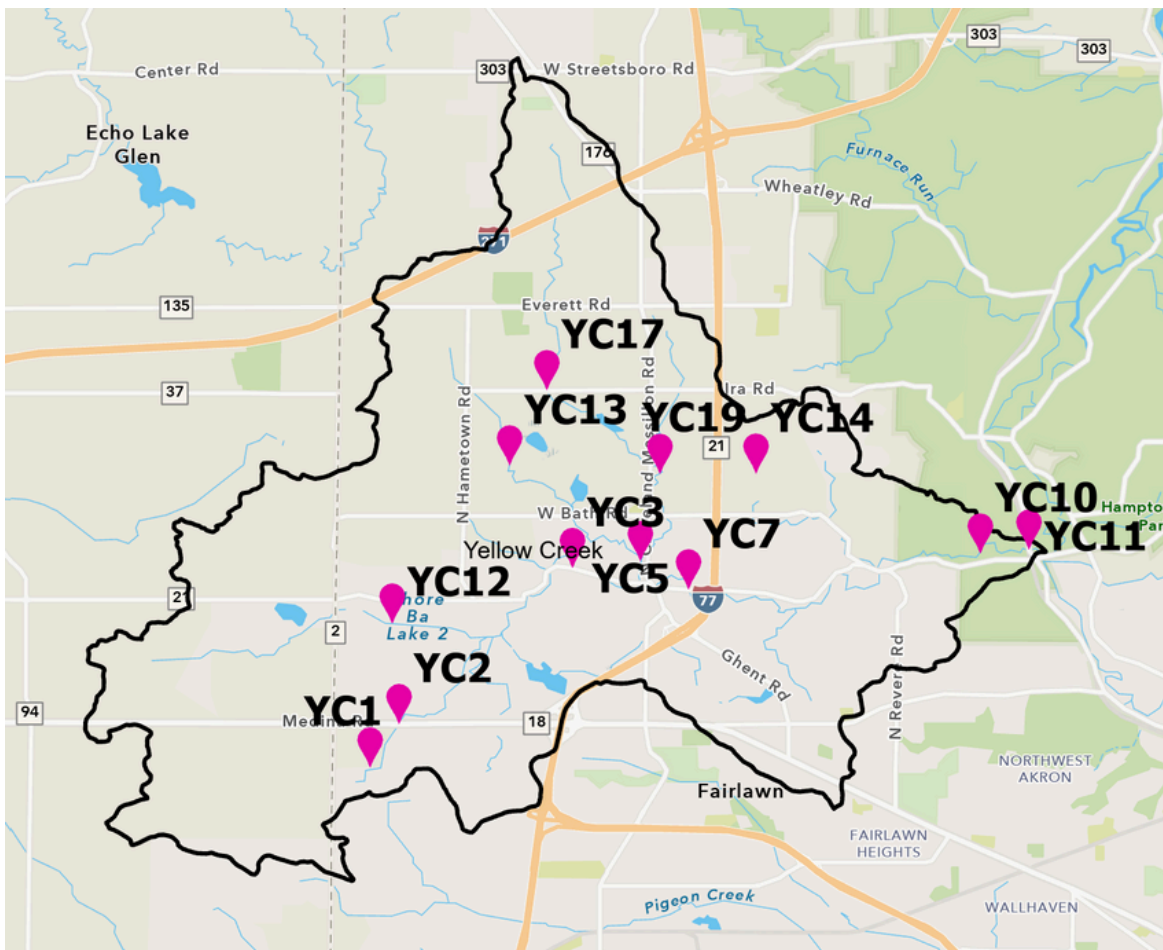

Thank you for sampling with us! Our program would NOT be possible without you!

Background:

The Yellow Creek Watershed spans 31 square miles (almost 20,000 acres) across Summit and Medina Counties. All of the water here is from the Cuyahoga River and eventually drains into Lake Erie!

Watershed Concerns:

Bacteria, habitat degradation, excess nitrogen/ phosphorus, sedimentation, pollution

Sampling Time!

Scan each QR code with the camera on your phone and it will take you to the google maps of the exact location!
